The CC423 is the newest addition to the Crawler Crane range with a 2.93t capacity. The CC423 has primarily been developed for use in areas such as city centres where space is restricted, due to the highly compact tracked footprint with no need for outriggers and near zero-tailswing.

The major feature of this crane is the 1465kg Pick & Carry capacity. Other features include a new engine equivalent to EPA Tier 4 standard, an open but covered superstructure mounted operator's cab and a gross weight of 4400kg.

- When using two fall or single fall hooks, use the appropriate four fall Total Rated Load Chart but with a maximum load of: Two Fall - 1480kg, Single Fall - 750kg.
